LOVE THE GOAT INSIDE AND OUT

Did you know that goats cheese enhances your overall immune system? Dairy plays an important role in the brain's functioning. A 2012 study found those who regularly have dairy products such as goats cheese score better in tests of mental ability than people who never, or rarely, consume dairy products. When it comes to fat and calories, goats cheese has the advantage over cheese made from cow's milk. Goats cheese clocks in at eighty calories and six grams of fat per ounce, compared to cow's milk cheese, which generally has around 100 calories and 10 g of fat per ounce. This means goats cheese is the better choice for staying fit and healthy! Enjoy taking care of yourself with Bille Goat Soap Products and the healthy goats cheese that is included in your hamper, leaving you feeling good inside and out!

Jannei Buche Noir & Blanc Goats Cheese RRP \$11.95

Goats milk is made with no additives, preservatives or mould inhibitors and vegetable based cultures & rennet. This results in a clean, and fresh cheese. Jannei Buche Noir & Blanc is a great source of dairy.

Milawa Chevre Camembert Goats Cheese RRP \$7.48

The Milawa Chevre Camembert is an unstabilised, white mould with well-balanced clean goat flavours, not too strong & with a creamy texture. Diets higher in calcium have been proven to assist the body's burning of fat after meals. The need for hormone release to maintain calcium levels is banished, which correlates with a higher rate of fat oxidation.

Marinated Feta Goats Cheese RRP \$12.95

Marinated Feta is a fresh, handmade goats milk cheese. The curd is delicately handled to create a satiny texture on the palate and a mild goat flavour with a slightly acidic finish. This goats cheese is marinated in a blend of canola and olive oil and is infused with fresh herbs to retain the integrity of the best quality milk.
